WHO WE ARE

The American Hunting Lease Association is proud to serve as the trade association for the growing hunting lease industry. With your membership (included with insurance purchase), you are supporting our efforts to educate and influence landowners and hunters about the many benefits of a hunting lease. The result is more private land for hunters and a better hunting experience for everyone. The AHLA believes the hunting lease concept is the answer to growing the sport of hunting by building relationships between hunters and landowners which leads to improved stewardship and habitat preservation.

"The online process of purchasing insurance is very quick and easy. Being able to download the policy and having a copy that I can forward to the land owner was extremely helpful and a time saver."

- **Bobby Hall**

We are starting from scratch on a hunting lease with club house and private housing and AHLA was very helpful in what coverage we need to have through the different stages of the process. We could not have navigated this without them.
